## CLIENT SPEAKS

"We were on the lookout for an apartment near Kazhakootam preferably with a view of the Arabian Sea. Little did we know initially about Asset Builders. We had almost finalized an apartment with another builder and that is when we saw an Ad in the newspaper about Asset's upcoming project called Orchestra. We decided to pause our purchase to see what they had to offer! Certain deviations in life happen for a good reason and this was certainly one of them!

After seeing the quality of construction and finishes at one of the newly completed apartments at Asset Lineage, our decision to turn a new leaf with Asset was more sure footed.

Even though there were certain delays, due to the unavoidable pandemic situation Asset kept their word and delivered what they promised. A fantastic apartment finished and equipped in the best possible way! Another crucial decision to go with the interiors of Asset turned out to be truly delightful. The execution was done in such a way that it matched the initial renders provided, to almost 95%! The work delivered by Mr. Thampi sir and his team is remarkable!

They paid heed to every demand that we put forth. We have not seen such level of dedication and cooperation when it comes to listening to customer's demands.

Special thanks Mr. Prakash (Resigned), Mrs. Indu, Mr. Rajesh and Mr. Thampi for doing their part in an extraordinary way!

To summarize we could not have asked for anything more! We are extremely happy to be building our asset with Asset Homes!!"
